 - 經濟部工業局環保設備應用標竿企業
 - 高雄市政府高雄典範領航獎，獲選「卓越創新領航獎」
 - 獲選第二十屆金鋒獎年度傑出創新研發
 - 獲選高雄市 SBIR 計畫優良廠商
 - 低溫、中溫及高溫產品開發成功及量產
 - 取得「中小企業加速投資行動方案許可」
- 2021年** ● 取得 ISO9001:2015 認證

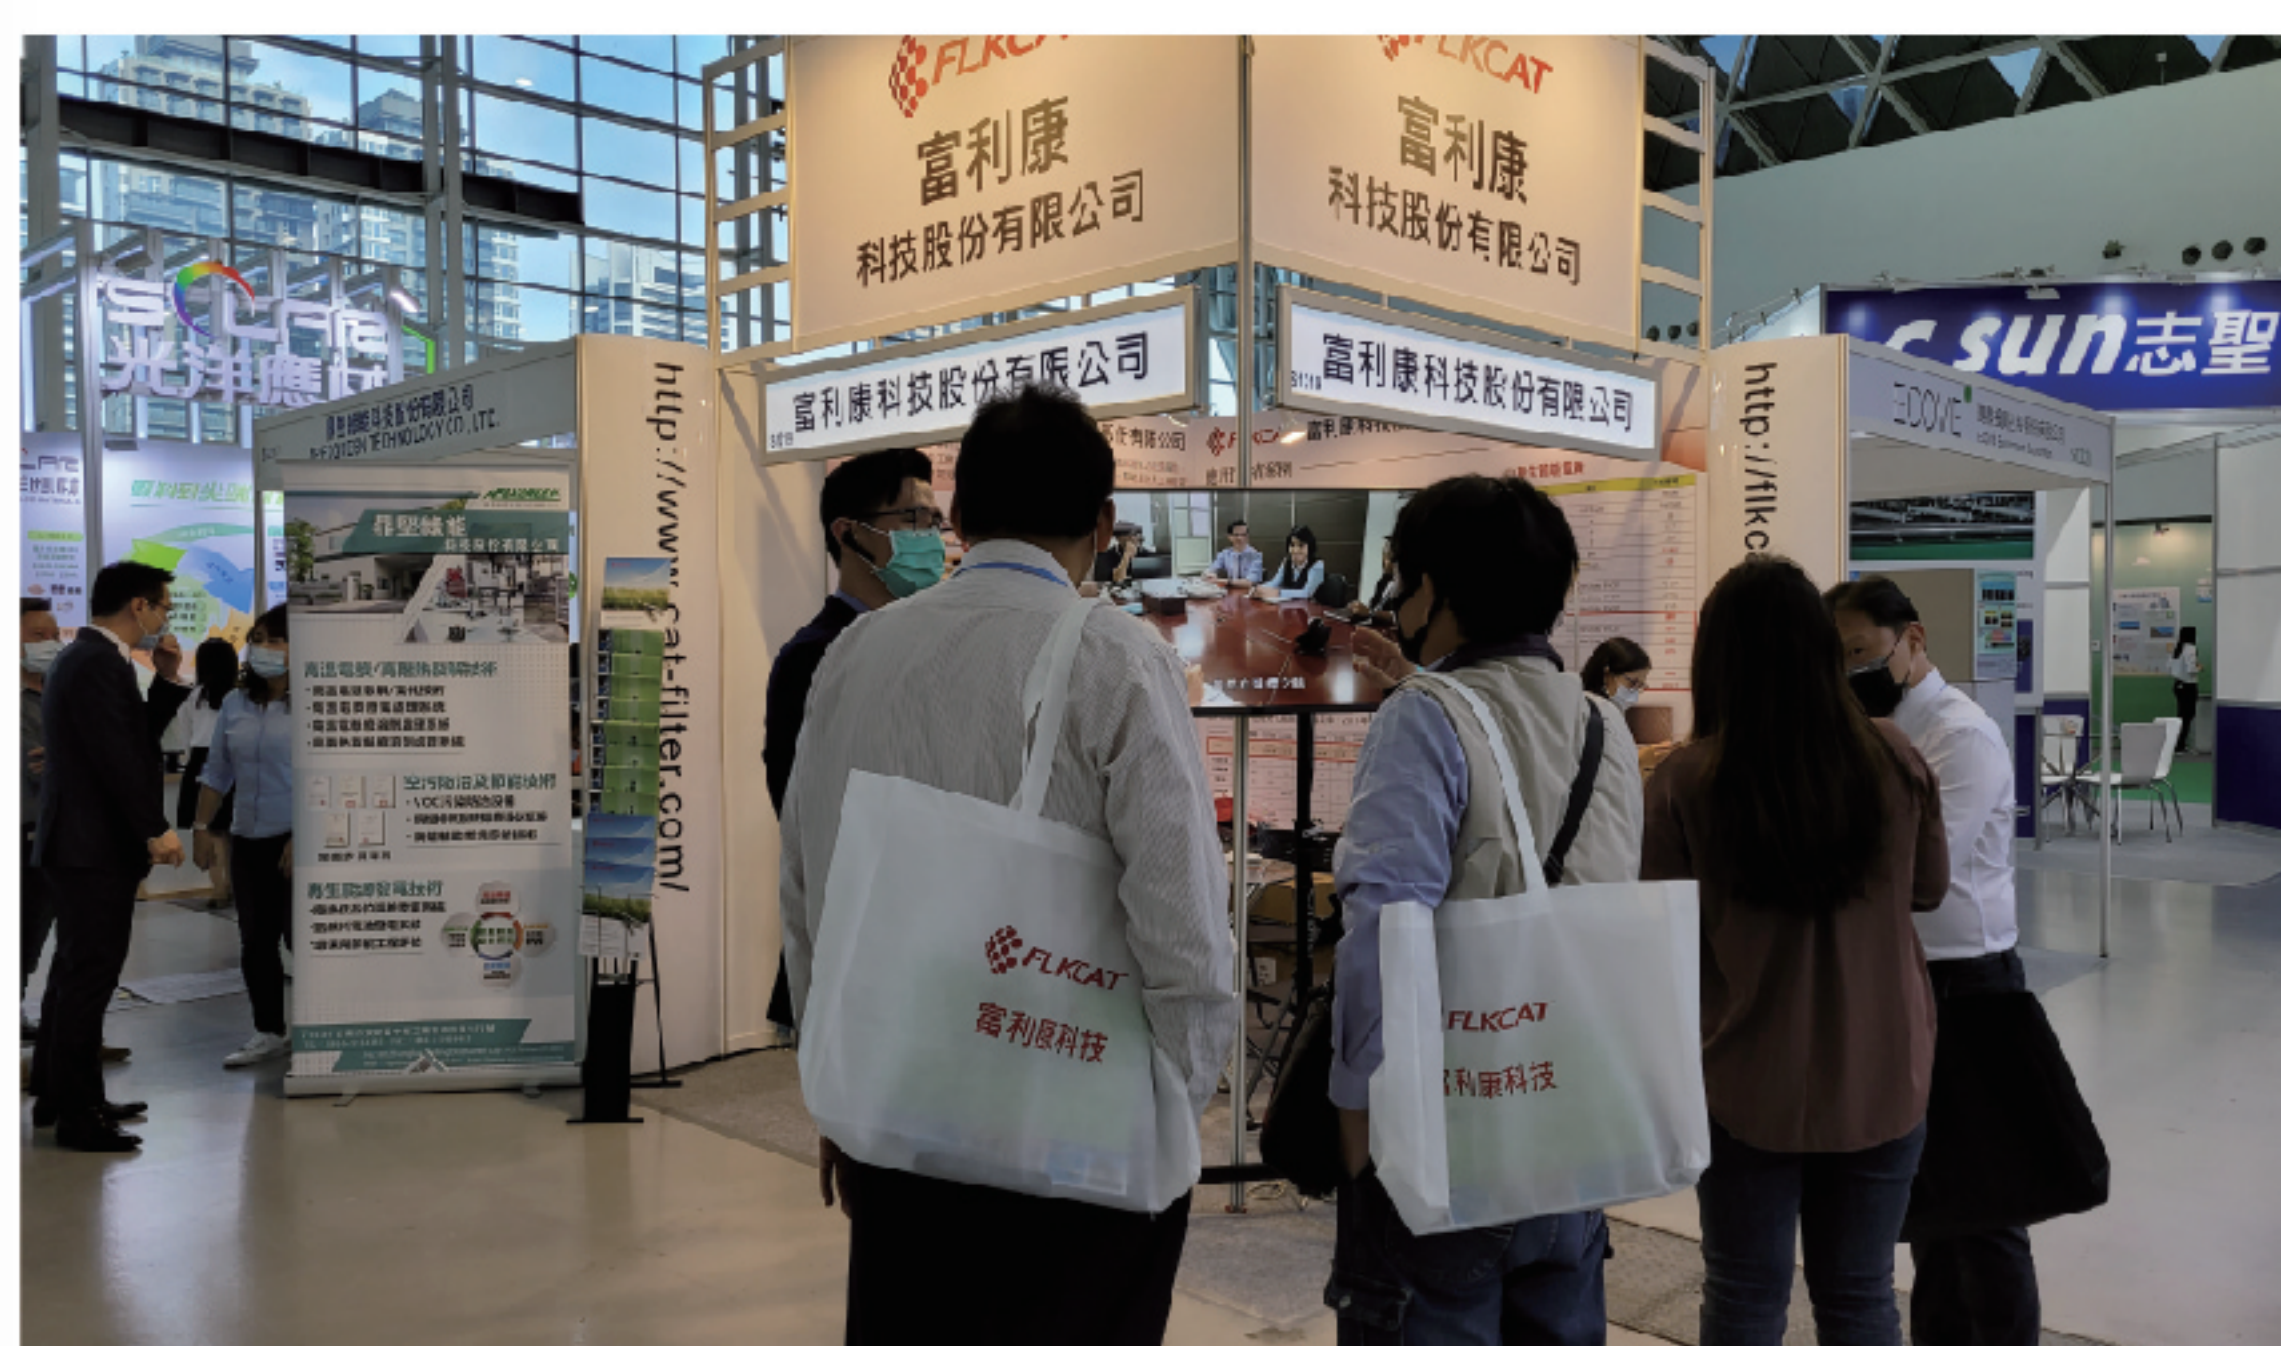

主要產品

- 陶瓷纖維濾管 Ceramic Fiber Filter
- 陶瓷纖維觸媒濾管 Ceramic Fiber Filter with Catalyst

企業簡介

富利康科技股份有限公司於102年10月11日設立於高雄市，創立宗旨是為有效解決空氣污染問題，為生產陶瓷纖維濾管之創新製造商，其產品功能主要用於工業燃燒所排放之氣體進行過濾及有害物質去除與高溫製程粉體回收等。

產品應用於工業廢氣過濾、去除有害物質及高溫粉體回收等，能幫助工業有效降低空氣污染排放與能源消耗。自許為『永續環境資源保護專家與守護者』。

關於競爭力

- 一、『陶瓷纖維濾管』成型工藝自主研發
- 二、專利技術強化，防止產品受地震影響
- 三、自主研發奈米級催化劑及去除各種汙染物配方
- 四、原物料配方難以逆向追蹤分析
- 五、本公司為全球生產陶瓷纖維濾管的製造大廠中，唯一同時掌握「陶瓷纖維濾管製造」及「觸媒研發與量產」的廠商
- 六、先進觸媒研發，本公司於2020年領先推出低溫段(低於200°C)脫硝觸媒產品
- 七、全球唯一『一條龍式生產』(同時產出陶瓷纖維濾管及陶瓷纖維觸媒濾管)
- 八、取得中國國家認證之產業標準(列大氣污染防治之首位)

綜合評語

- (1) 主要生產陶瓷纖維觸媒濾管，產品應用於防治大氣污染，出口比例高達 85%，出口至中國大陸、美國、日本及東南亞等市場。
- (2) 以策略聯盟與技術入股方式開發海外市場，生產及研發之關鍵核心技術根留臺灣。
- (3) 設有專屬實驗室及設備研發部，致力於陶瓷纖維濾管製造及觸媒產品研發及製程改善，並與國內各大專院校及工研院技術合作。
- (4) 已取得中小企業加速投資行動方案許可，於和發產業園區購置新廠，將擴大生產規模，成長動能強勁。

Export Competitiveness

- I. Independent research and development of the "ceramic fiber filter" molding process.
- II. Enhanced patented technology to protect products from earthquakes.
- III. Nanoscale catalysts and pollutant removal formulations developed in-house.
- IV. Difficult reverse tracking analysis of raw material formulations.
- V. We are the only major manufacturer of ceramic fiber filters in the world that has demonstrated mastery of both "ceramic fiber filter manufacturing" and "catalyst development and mass production."
- VI. Advanced catalyst development: The Company took the lead in launching low-temperature (below 200 ° C) denitrification catalyst products in 2020.
- VII. The world's only "one-stop shop" (producing both ceramic fiber filters and ceramic fiber catalyst filters)
- VIII. Acquisition of Chinese national certification of industrial standards (listed as the first in air pollution control).

Operation Management

- I. Focus on one area of expertise.
- II. Diversification of services within a single market.
- III. Integration of up and down the supply chain for the same customer.
- IV. Creation of a training system for inter-company transfer of talents within the Group.
- V. Fostering a consensus among staff that customers come first.
- VI. Focus on cash flow management.
- VII. Recruitment of a professional manager for management
- VIII. Clearly defined rewards and sanctions, profit sharing and remuneration system.

Social Responsibility

- I. Clean Air Technology Limited is committed to generating profits and holding itself accountable to its shareholders, while being socially responsible to its employees, customers, suppliers, community and the environment, thereby reinforcing sustainable corporate development.
- II. Clean Air Technology Limited's corporate social responsibility policy starts with "internal obligations," which include taking good care of employees, treating partners with good faith, complying with environmental protection regulations, producing quality products, and focusing on customer rights, as well as devoting itself to local care programs, actively participating in public campaigns, and implementing environmental protection, with the aim of engaging all stakeholders in social responsibility.
- III. Clean Air Technology Limited conducts annual supplier evaluations and assessments. Apart from paying attention to the quality, delivery and price of suppliers' products, we encourage or require suppliers to fulfill their corporate social responsibility and cooperate with the government to give priority to the procurement of products with government certification such as the Green Mark and Energy Saving Mark, thus achieving a win-win situation for both the environment and the economy.
- IV. Clean Air Technology Limited is dedicated to the idea of using what is taken from the community to benefit the community, and actively engages in local care activities to promote social welfare programs such as donating to the Lifeline Association, Kaohsiung, the Children Are Us Foundation Children's Home and the House of the Little Angels Kaohsiung, as well as providing assistance to remote villages and disadvantaged groups, sponsoring school breakfasts, etc.
