### 主要產品

- 一、各類油壓缸、油壓單元與氣／油壓與電控整合系統
- 二、氣壓缸、三點組合
- 三、各類油／氣壓閥、電動閥
- 四、電動缸與自動化機械手臂

### 企業簡介

君帆工業股份有限公司創立於1983年，專業於自動化工業關鍵零組件與系統，主要提供油壓、氣壓、電動、真空與油壓動力系統整合之領導品牌。從租賃的小型工廠起家到如今成立40年載，不論是早期積極改善滲油、漏油，提升產品耐用度站穩腳步，或不斷追求輕量化、薄型化、微型化零部件發展，始終如一貫徹「品質第一，技術創新」的理念。

我們在台灣、中國大陸、日本、東南亞擁有專門經銷制度，產品行銷至歐洲、美洲、亞洲、中東等100多國，布局產業包括：模具、輪胎、工程、醫療、鋼鐵等通用機械領域，未來也積極在風力與綠能產業發展。

### 國際競爭力

- 一、優秀產品品質，深獲國際知名輪胎硫化機大廠客戶信賴，市場佔率 55%，為亞洲第一，全世界第三大品牌。
- 二、擁有高度客製化能力及具備高階產業設計經驗，滿足各產業領域客戶需求
- 三、深耕油壓、氣壓等流體傳動領域，打造從動力系統到執行元件一體化服務
- 四、豐富的經驗與技術，為國內鋼鐵產業油壓缸維修第一大；提供薄型缸，為中國市場第一大。

## 營運管理

- 一、擁有新進員工教育訓練制度，並以企業集團的核心文化「不接收、不生產、不製造，態度對了，專業才有用」以促進員工發自內心為企業、為客戶創造優質產品。
- 二、自主建構生產與作業管理的智能生產排程系統，優化可視、可控、可管、可改善之管理，累積數位轉型量能。
- 三、積極精進研發 / 創新管理，包括：自主開發自動化製程、產品優化、產學合作開發等項目，君帆產品取得多項專利認證。

## 社會責任

- 一、永續經營七大模式：員工及消費者權益、性別平等工作環境、環保與工（公）安衛、綠能環保、企業形象、永續經營、高齡友善環境及彈性工作模式。
- 二、君帆公司以「團隊」、「細節」及「服務」為公司之三大核心價值，並秉持著「誠信為本，以客為尊」的經營理念，以誠信為基石，員工與供應商為夥伴，提供全球工業自動化需求者增值的產品與服務，積極參與社會公眾事務，善盡企業社會責任，本年度除了一如往常從事社會關懷及環境保護，更特別著重於教育領域，培育莘莘學子，期待達到產業升級及人才培育之使命。
- 三、積極推動環保、安全與衛生廠域，打造符合國內相關法令規定「安全零事故、環境永續發展」生廠空間，為達此目標，君帆公司的策略是「遵守法規承諾、促進安全健康、強化資源利用及污染預防、管控環安衛風險、深植環安衛文化、建構綠色供應鏈、善盡企業社會責任」。

## 綜合評語

- (1) 自動化工業關鍵零組件製造商，輪胎硫化機產業應用領域之油壓缸產品全球市占率第一，國內鋼鐵相關產業市佔高達7成，主攻市場為美國、日本、東南亞，前三大客戶皆為國際上市櫃企業。
- (2) 產品具有未來性，堅持「品質第一，技術創新」理念，持續與國內各大科研院所及專業機構合作進行產品與研發。
- (3) 接軌國際標準，達成安全零事故、環境永續發展之目標，重視性別平等工作環境，注重女性主管占比，重視員工教育，定期辦理培訓課程。

## Introduction

Junfan Industrial Co., Ltd. Established in 1983, and has been specialized in crucial components and systems in the automation industry. As a leading brand mainly provide the integration of hydraulic, pneumatic, vacuum and hydraulic system.

Start from the rental small factory and passed through almost 40 years, Jufan not only actively improving oil leakage in the early days, improve product durability to gain a firm foothold, but also constantly pursue the development of lightweight, thin, miniaturized parts, to consistently implement the concept of quality first and technological innovation.

Jufan have a specialized distribution system in Taiwan, Chinese mainland, Japan and Southeast Asia. Jufan also market our products to more than 100 countries in Europe, America, Asia, the Middle East, etc. We do an overall management in general machinery fields such as mold, tire, engineering, medicine, and steel and also positively do the development in the wind and green energy industry fields in the future.

## Export Competitiveness

- I. We get the trust from our international well-known tire vulcanizing customers by outstanding product quality and hold 55% market share to become the first major brand in Asia, and the third major brand in the world.
- II. With better customized capabilities and the experience of high-end industrial design, to satisfy the requirement from our customers in various industries.
- III. Deeply concentrated on the field of fluid transmission such as oil pressure and air pressure to create integrated services from power system to execute components.
- IV. Enough experience and technology make us to become the biggest manufacturer on hydraulic cylinder maintenance for domestic steel industry; become the biggest manufacturers in China market by providing inductive compact cylinders.

## Operation Management

- I. With the education and training system for new employees, and the core culture of the enterprise group "not receive, not produce, not manufacture, having right attitude then professional is available" to promote employees to create good quality products for enterprises and customer.
- II. Independently construct an intelligent production scheduling system for production and operation management, optimize the management of visible, controllable, manageable and improvable, and accumulate digital transformation capacity.
- III. Positively improve our development/Innovation management, including: independent development of automated processes, product optimization, industry-academia cooperation development and other projects, Junfan products have obtained a number of patent certifications.

## Social Responsibility

- I. Sustainable Development Seven Topic: Rights of employee and consumer, gender-equal working environment, environmental protection and industrial (public) safety, green energy environmental protection, corporate image, sustainable development, friendly environment for advanced age and flexible working mode.
