主要產品

專業研發、生產、銷售卡套接頭、螺紋接頭、球閥、針閥、逆止閥、閥組、工藝介面閥、表閥、減壓閥、快速接頭、軟管、無縫不鏽鋼管、液壓與氣動零件及配件等產品；提供客製化模組產品、流體配管設計、專業培訓、諮詢等服務

企業簡介

JPE 沅亨興業股份有限公司成立於 1982 年，由涂志興先生創立，四十多年來致力於設計、研發、製造高品質流體系統產品，已成為市場領導品牌。JPE 總部位於高雄，並在高雄及昆山設有工廠，此外還在張家港設立銷售子公司。我們配備數控車床、加工中心、關節式機器人、超聲波清洗機、無塵室等先進設備，並使用氮質譜儀、光譜儀等檢驗設備，確保提供卓越品質與優質服務。

我們的使命在於專注創新合作，提供優質產品與服務，助力客戶與合作夥伴共同成長，實現成功與永續未來。從產品設計到交付，從技術支持到售後服務，我們不僅解決問題，更努力創造價值。只有與客戶和夥伴共同成長，JPE 才能不斷前行，為未來創造更多可能性。

出口實績及國際競爭力

JPE 的產品廣泛應用於鋼鐵、石化、煉油、發電、造紙、製藥、食品、電子、半導體、船舶及新能源等多個產業領域。我們的核心市場集中於亞洲，外銷業務則廣泛覆蓋至歐美、中東、澳洲等地。主要合作夥伴包括中石油、中石化、台塑、中鼎、台積電、三福氣體、沙特基礎工業公司及馬來西亞國家石油公司等知名企業。這些長期合作不僅見證了 JPE 的實力，更讓我們的品牌連結世界。

營運管理與績效

- ① 高度製程自動化：
引進 Kuka 五軸工業機器手臂、自動走心機、AOI 智慧光學檢測設備，產能提升，自動化程度達 60%
- ② 國際級試驗設備：
台灣業界唯一廠內配備氮質譜儀與液態低溫罐，縮短委外測試時間，提升與客戶溝通效率。並針對半導體、生物醫藥等高純度產業需求，設置無塵室確保品質潔淨
- ③ 全面 ISO 管理：
取得 ISO 9001、ISO 14001 及 ISO 45001 認證，快速應對市場與法規變動；生產人員亦定期接受內部培訓，具靈活應變能力，完成全球客戶的緊急訂單

永續經營

- ① 以創新驅動綠色轉型，實踐淨零願景：
我們將環境永續納入企業核心發展策略，除了導入再生能源設備、落實節能減碳外，更持續優化製程、提升資源效率，並前瞻布局氫能技術，為綠色未來奠定基礎。
- ② 以人為本，打造共融共好的企業文化：
我們以保障消費者權益為首要使命，落實嚴謹的品質管理，提供穩定且可靠的產品與服務。此外，公司亦積極參與社會公益，回饋地方與弱勢，鼓

- 勵員工投入志工行動，與社會共生共榮。
- ③ 堅實治理體系，驅動企業永續價值成長：
我們透過取得各項國際認證，展現對品質、安全與法規遵循的高度承諾，同時強化內部控制與風險管理機制，確保組織營運透明、穩健。我們視員工為最珍貴的資產，並透過制度化的人才培育與福祉政策，打造具備韌性與創新能力的團隊，實現企業長期價值與社會責任的平衡發展。

綜合評語

1. 產品為各式金屬接頭，用途廣泛，供應石化、電子、半導體等產業，並採自動化生產，結合 AI 電腦機械手臂，競爭力強。
2. 廠區 6S 管理落實徹底，重視員工權益與友善職場環境。
3. 重視 CSR，持續參與社會公益活動，增加對社會捐款總額。

Business Items

We specialize in the research, development, production, and sales of a wide range of fluid control products, including instrument tube fittings, pipe fittings, ball valves, needle valves, check valves, valve manifolds, monoflanges, gauge valves, bleed valves, quick couplings, stainless steel flexible hoses, stainless steel seamless tubing, and various hydraulic and pneumatic components. We also offer customized modular products, fluid piping design, and consulting services.

Introduction

Yeann Hern Corp. (JPE) was founded in 1982 by Mr. Chih-Hsin, Tu. For over 40 years, we've focused on designing, developing, and manufacturing high-quality fluid system products, establishing ourselves as an industry leader.

Headquartered in Kaohsiung, JPE operates manufacturing facilities in Kaohsiung and Kunshan, and a sales subsidiary in Zhangjiagang. Our advanced equipment includes CNC lathes, machining centers, robotic arms,

ultrasonic cleaners, and clean rooms. We also use high-precision testing tools like helium mass spectrometers and spectrometers to ensure quality and reliable service. Driven by innovation, quality, and strong partnerships, we aim to empower our team and clients for a successful, sustainable future. From design to delivery, technical support to after-sales service, we go beyond solving problems, we create value. Growing with our customers and partners is key to advancing and unlocking future opportunities.

JPE offers more than products, we deliver custom modular solutions, fluid piping design, training, consulting, and maintenance services. Our goal is to grow together and shape a better future, hand in hand.

Export Competitiveness

JPE's products are widely applied in industries such as steel, petrochemicals, refining, power generation, pulp and paper, pharmaceuticals, food, electronics, semiconductors, shipbuilding, and new energy industries. While our core market is in Asia, our exports extend to Europe, the Americas, the Middle East, and Australia.

We've built strong partnerships with major enterprises like CNPC, Sinopec, Formosa Plastics Group, CTCI, TSMC, Air Products, SABIC, and Petronas. These long-term collaborations highlight JPE's capabilities and global reach.

Operation Performance Management

- ① High-Level Automation:
The adoption of KUKA 5-axis robotic arms, sliding headstock lathes, and AOI systems has significantly increased capacity and brought automation to 60%.
- ② Advanced Testing Equipment:
JPE is the only company in Taiwan's sector with an in-house helium mass spectrometer and cryogenic tank, minimizing outsourced testing and improving client communication. A cleanroom ensures product purity for high-spec industries like semiconductors and biomedicine.
- ③ ISO Management System:
Certified with ISO 9001, 14001, and 45001, we swiftly respond to market and regulatory changes. Regular internal training equips our team to meet urgent global orders with agility.

Sustainable Management

- ① Driving Green Transition with Innovation:
Environmental sustainability is central to our strategy. We adopt renewable energy systems, cut emissions, optimize processes, improve resource efficiency, and invest in hydrogen energy technologies to support a greener future.
- ② People-Centric, Inclusive Culture:
We prioritize consumer rights, enforce strict quality control, and provide dependable products and services. JPE also supports social welfare, aids local communities, and encourages employee volunteerism to grow with society.
- ③ Strong Governance for Long-Term Growth:
By obtaining international certifications, we show strong commitment to quality, safety, and compliance. We reinforce internal controls and risk management to ensure transparent operations. Valuing employees as key assets, we focus on talent development and well-being to build a resilient, innovative team — balancing business growth with social responsibility.
