Introduction

Yung Chi's predecessor company was a parts machining factory founded in 1969. At that time, strap tensioners, gear pullers, and C-clamps were the main products. In 1978, Yung Chi Industry Co., Ltd. established inventing tools continually, like tube cutters, flaring tools, tube benders, and more. With a high reputation internationally, our business partners are all over the world, such as United States, Germany, Australia, Japan and so on. Using advanced and precise technology, we have been a preferred partner for professional and well-known brands for decades.

In 2019, Yung Chi celebrates its 42nd year of business. We devoted to innovation and quality assurance, offering the world's most comprehensive line of tubing tools. As a pioneer in the hand tool industry, based on our user-friendly concept, we keep manufacturing versatile and high-quality tools.

Export Competitiveness

I. MIT. Quality on a par with Europe, USA and Japan.

Through the connection with the local supply chain, we pursuit high quality, production optimization and rigorous quality control process, to achieve the superiority of high precision, and in line with the standards for big international enterprises.

II. The market trend is small batches, multi-item and multi-spec products.

By constantly improve lean manufacturing process to reduce costs, increase production efficiency. Our target is to provide a complete range of tubing tools, and to meet the international diversified demand.

III. Participating International Exhibition

Promoting the product exposure in different markets and regions, expand the regional products, develop new client bases and display new launch products.

二、研發管理

依專業需求，研發OEM、ODM及OBM等產品，並以專案模式成立研發團隊，透過開發週期「創新」「生產」「測試」「製造」。

三、生產管理

導入精實生產管理，改善公司內部排程使其優化，達到降低成本、提高效率及提高質量之生產模式，以達到快速供貨需求，並藉由軟硬體技術之整合，促成產業智慧製造技術上的升級，生產上可正確地蒐集各項生產數據，降低人工紙本作業時間。

社會責任

一、遵守勞動法規，保障員工權益，建立友善的職場環境

- (一) 重視員工福利：三節獎金、旅遊補助、員工聚餐、員工健康檢查等。
- (二) 兩性平等：提供員工生理假、產檢假、產假及陪產假等假別，亦提供員工申請育嬰留職停薪管道，使員工在家庭與工作中取得平衡。
- (三) 公司增定「員工育嬰津貼辦法」，以提升台灣生育率，減緩人口老化問題，促進員工生育意願。

二、重視永續經營

人才培育，鼓勵員工持續學習，公司提供內外部教育訓練，期許每位員工皆能有成長及進步的空間。

三、社會公益

秉持著回饋社會之精神，定期會以企業的名義對偏鄉及在地國小或是社會弱勢團體做捐款，對於回饋社會不遺餘力。

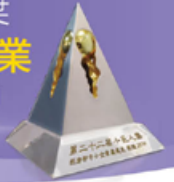

四、重視綠能環保，節能減碳

- (一) 廠房使用環保綠建築概念設計，辦公室及廠房透光度高，除使用大面積採光降低電力使用外，亦設置了雨水回收系統，將所回收之雨水用於灌溉花草使用。
- (二) 再生能源利用及種樹造林。
- (三) 落實廢棄物管制，並定期宣導及5S稽核，為留給子孫後代一個美麗的地球，建立員工「環境保護、人人有責」的態度。

綜合評語

- 一、建立自有品牌MAXCLAW，生產切管器、擴管器、彎管器及其他管類工具，外銷至德國、法國、瑞典、英國、美國、日本等市場，是臺灣最大切管器廠商。

Operation Management

I. Management Philosophy

Yung Chi's core values are customer service, quality, and innovation to fulfill the attitude of quality guarantee and proactive service. Moreover, with sincere responsible attitude to meet customer's need is Yung Chi's principle of sustainable operation.

II. R&D Management

According to professional needs, we provide OEM, ODM, and OBM services. With project models to execute innovation, manufacture, test and innovate throughout the development cycle.

III. Production Management

We introduced lean production management to improve and optimize the production schedule and to reduce cost, improve efficiency and quality and to achieve the fast supply requirement. In addition, by integrating software and hardware technology, we implemented SMB project to collect and calculate production data accurately, and to reduce manual paper working hours.

Social Responsibility

I. Shih Hsiang's notion and approach to keeping root in Taiwan

Based on the idea of "planting feet in Taiwan, marketing globally" as a guidance for production and marketing, Shih Hsiang decided in 2018 to build factories on 49,586 m² of land in Dounan Township, Yunlin County, at investment cost of NT\$3 billion. The facilities will offer over 100 jobs as soon as it is unveiled in 2020.

II. Shih Hsiang's contribution to the society

Inspired by the idea of "when you benefit from the society, you share the benefit with the society", Shih Hsiang has spared no efforts to sponsor public benefit activities, such as music education in remote areas, food delivery service to nursing homes, shelters for underprivileged groups, and scholarship donation.

III. Employees as treasures at Shih Hsiang

Shih Hsiang has been pursuing the goal of becoming a "happy company". Accordingly, in addition to providing employees with trade-skill training programs, the company has relentlessly bettered its fringe benefits in order to create a friendly workplace, in which the company's employees are expected to eventually produce the sense of belonging and the sense of approval towards the company's business philosophy, decisions, corporate spirit and

corporate conduct norm after they become adapted themselves to the workplace. Shih Hsiang is proud that employees having stayed in the company for over 10 years account for one third of the company's staff as a whole
