企業沿革

- 2001年 ● 創立於紡織產業綜合研究所育成中心
- 2003年 ● 參加國際紡織機械展ITMA伯明罕展覽
第一次展出全自動梭織打樣機
發表全球第一台環式單紗整經機的原型機
- 2007年 ● 參加ITMA慕尼黑展覽
- 2008年 ● 成立職工福利委員會
- 2009年 ● 中小企業創新研究獎2009
參加ITMA巴塞隆納展覽
- 2013年 ● 德國iF產品設計獎2013
金點設計獎2013
- 2014年 ● 推出新型打樣機The Studio
中小企業創新研究獎2014
- 2015年 ● 發表全世界第一台高度自動化的多錠單紗漿紗機
參加ITMA米蘭展覽
鄧白氏中小企業菁英獎2015
- 2016年 ● 推出提花打樣機
- 2018年 ● 推出毛巾打樣機
- 2019年 ● 參加ITMA巴塞隆納展覽

主要產品

碩奇科技的產品包含從紗線到織成坯布等程序的設備，也就是漿紗、整經、織布的設備。獨創的「單紗」技術，最少只需要一顆筒紗就能進行單紗漿紗、單紗整經，並進一步完成織布打樣的作業。其縮減的機器體積更大幅度減少機器占地空間，提昇營運效益。碩奇科技的打樣解決方案可以為您織出小塊樣布，更可以完成全幅寬短碼經軸，滿足打樣或小批量訂單等不同的需求。

企業簡介

- 碩奇科技CCI是業界領先的品牌，也是唯一一家全心致力於研發各式織造打樣解決方案的企業。我們打破了傳統的織造方式，讓客戶不再因為只能使用傳統生產線機器而浪費不必要的人力與物力成本。
- 碩奇科技的產品以創新研發為立基，以創新思維來滿足業界對於打樣以及小量生產的需求。
- 憑藉對於織造打樣及小量生產的獨特專注以及領先業界的研發、製造和整合的專業能力，碩奇持續提供創新可靠的解決方案與支援。無論是打樣、新設計開發或是小批量訂單，碩奇都能滿足客戶的各式織造需求。從漿紗、整經到織造，皆採用電腦控制技術和人性化界面的設計理念，提供完整的自動化解決方案，為客戶簡化操作，提升生產及經營效率。
- 碩奇持續與全球各地的客戶密切合作，除了傳統紡織，還包括消費電子、複合材料、生醫和安全、學術和研究等應用領域。

國際競爭力

- 一、CCI產品競爭力
 - CCI為全世界唯一以梭織打樣為核心事業的公司，在市場上有非常獨特的競爭力。
- 二、行銷國際競爭力
 - 在全球梭織行業中，CCI擁有極佳的口碑，在全球業界已是高知名度的品牌。
 - 定期參加全球各大展覽，經過多年努力，CCI已代表打樣的最高品質，並成為打樣標準。
 - CCI已經建立全球重要市場的行銷網路，提供當地服務。
 - 碩奇已加強網路多媒體行銷。
- 三、服務競爭力
 - 完整客戶服務系統，包含客戶履歷資料庫。
 - 工程師使用多種網路工具提供各國客戶服務。
 - 透過網際網路進行遠端遙控和維護。

Products and Solutions

The products of CCI include a number of types of equipment for the processes of weaving undyed woven fabric from yarn, namely the equipment for sizing, warping, and weaving. Among its products, the sizing and warping machines which adopt Single-end Technology and use as minimum as one bobbin are of unique design. The reduced machine dimension considerably saves space and is more economical compared with production facility. CCI's solutions allow users to make small woven samples and manufacture full width warp beam which can satisfy most needs of sample request or small quantity order.

History

- 2001 • Founded at the Incubation Center, Taiwan Textile Research Institute
- 2003 • Participation in ITMA Birmingham
First exhibition of Automatic Sampling Loom
Release of the world's first prototype of Ring-type Single-end Warping Machine
- 2007 • Participation in ITMA Munich
- 2008 • Establishment of the Staff Welfare Committee
- 2009 • Taiwan Small & Medium Enterprises Innovation Award 2009
- 2011 • Participation in ITMA Barcelona
- 2013 • iF Product Design Award 2013
Golden PIN Design Award 2013
- 2014 • Release of new Sampling Loom The Studio
Taiwan Small & Medium Enterprises Innovation Award 2014
- 2015 • Release of the world's first highly automatic Multi-spindle Sizing Machine
Participation in ITMA Milano
D&B TOP 1000 Elite SME Award 2015
- 2016 • Release of Jacquard Sampling Loom
- 2018 • Release of Terry Sampling Loom
- 2019 • Participation in ITMA Barcelona
Report of Global Views Monthly: CCI Tech Automatic Sampling Loom Has Changed the Industry Ecology

Introduction

- CCI is a leading brand and the only one that is fully committed to sampling solutions for varied weaving application. We change the conventional way that people used to know about textile weaving which usually spends a lot of time at higher cost on mass production line.
- Our products are based on innovative research and development. Our new dimension to sampling is aimed at meeting varied requirements for sample or small quantity order.
- CCI concentrates on bringing forth greater efficiency in production to our customers in a more cost-effective way.

- 提供產品完整的操作手冊，包含多媒體影片。
- 提供各機型機器控制軟體、診斷軟體。

營運管理

- 一、組織結構
 - 碩奇的四大核心活動為：行銷、服務、研發、品管。
- 二、組織層級
 - 碩奇採用扁平化組織，管理有效率。
- 三、公司管理
 - 堅持正派經營，公平競爭。
 - 充分運用資訊科技。
- 四、未來展望
 - 開發整合型打樣機，以求擴大市場基礎。
 - 研發能織造特殊布料的設備，以求擴大高端市場的占有率。
 - 維持傳統行銷通路，加強建立網路行銷的通路。

社會責任

- 一、紡織品發展工具
 - 碩奇產品是紡織品發展不可缺少的工具，對紡織產業和紡織品消費者的貢獻極大。
- 二、綠能環保
 - 碩奇產品可讓客戶大幅減少物料和能源的浪費，對環保有極大的效果。
 - 碩奇產品能讓客戶利用零散的庫存筒紗，並大幅減少使用染料、漿料。
 - 碩奇產品採用可回收材料，減少地球汙染。
- 三、員工權益
 - 公司職工福利委員會時常舉辦各項員工福利措施。
 - 碩奇注重員工權益與福利。
- 四、消費者權益
 - 提供全球使用者完整售後服務及保固
- 五、與台灣供應鏈共榮
 - 碩奇與本土供應鏈充份合作。
 - 碩奇和許多台灣協力廠商互利共生、共同繁榮，並創造協力廠商的工作機會。
 - 碩奇與本地供應鏈密切合作，充分發揮產業群聚效應。
 - 採用碩奇機器有助台灣本土紡織業轉型，開拓高科技紡織。
- 六、技術留台
 - 碩奇專注於研發織造設備，保留開發新結構織品的技術，根留台灣。
- 七、企業形象及永續經營
 - 繼續提升碩奇打樣設備完整解決方案的形象並發展自有品牌CCI。
 - 繼續加強從漿紗、整經到織造打樣，連貫整合的解決方案。
 - 持續開拓傳統紡織業以外的高科技紡織。

綜合評語

- 一、外銷市場包含美國、印度、土耳其、日本等40多個國家，以自有品牌「CCI」拓展全球，受國外客戶肯定。
- 二、重視研發，由傳統紡織逐步邁向各種特殊應用，研發人力占總人數25%，每年投入研發經費超過營收15%，並以客戶為導向，開發符合客戶需求之機型。
- 三、重視員工福利，提供各項福利措施，注重兩性平等之工作環境，並解決產品原物料浪費問題，為環保盡責。

With this unique focus, we are dedicated to offering continuous innovation and reliable services & supports for the industry. Whether it's woven sampling, new design development or small batch production, CCI has the requisite expertise in research & development, manufacturing, and integration ability to accommodate customers' needs. By adopting computer-controlled technology and user-friendly design concept, we offer complete automated solutions ranging from sizing, warping to weaving machines to simplify operation and create business value for customers.

- CCI continues to work closely with customers around the world across a wide variety of sectors – from the fashion, sports, upholstery, academic & research, consumer electronics, industrial, medical, and to safety applications.

Export Competitiveness

- I. Competitiveness of CCI Products
 - CCI is the only company in the world that regards woven sampling as its core business, having very unique competitiveness in the market.
- II. Competitiveness of International Marketing
 - In the global textile industries, CCI has excellent reputation and has been a highly famous brand in the global industries.
 - CCI periodically participates in the famous exhibitions worldwide and, after years of endeavors, stands for the highest quality of sampling and becomes the standard of sampling.
 - CCI has established marketing network in the important markets around the world to provide local service.
 - CCI has strengthened the internet multimedia marketing.
- III. Competitiveness of Service
 - Complete customer service system, including machine record database
 - Engineers use several network applications to provide service to various customers in different countries.
 - Remote access and control and maintenance through the internet
 - Providing complete product manuals, including multimedia videos
 - Providing the control software and diagnostic software for each machine model

Operation Management

- I. Organization Structure
 - CCI's four core activities are: marketing, service, research, and quality management.
- II. Organization Hierarchy
 - CCI is a flat organization and its management is effective.
- III. Management of Company
 - Insistence on decent management and fair competition.
 - Sufficient use of information technology.
- IV. Future Planning
 - Develop Integrated Sampling Loom to enlarge the market of bottom of the pyramid.
 - Research and develop equipment for weaving special fabric to enlarge the share of high-end market.
 - Maintain traditional marketing channels and endeavor to build network marketing channel.

Social Responsibility

- I. Tool for Textile Development
 - CCI's products are tools indispensable for developing textiles, contributing much to the textile industries and consumers.
- II. Green Energy & Environmental Protection
 - CCI's products enable customers to considerably reduce waste of materials and energy, extremely beneficial to environmental protection.
 - CCI's products enable customers to use remaining yarn bobbins in stock and to greatly save the use of dye and sizing liquor.
 - CCI's products are equipped with recyclable parts.
- III. Employees' Rights
 - CCI Staff Welfare Committee regularly carries out measures for enhancing staff welfare.
 - CCI has been emphasizing the rights and welfare of employees.
- IV. Customers' Rights
 - Providing complete after-sales service
- V. Co-prosperity with Taiwan Supply Chain
 - CCI's products mainly work with local supply chain.
 - CCI co-exists and co-prospers with numerous alliance Taiwan suppliers and helps to create jobs in alliance suppliers.
 - CCI closely cooperates with local supply chain to fully take the advantage of industry aggregation effect.
 - Using CCI's machines facilitates Taiwan domestic textile industries to upgrade and develop high-tech textile.
- VI. Retaining the Technology in Taiwan
 - CCI researches and develops weaving equipment and retains the technology for developing textile of new structure.
- VII. Enterprise Image and Sustainable Development
 - Continue to enhance the image of complete solutions of CCI's sampling equipment and cultivate private brand CCI.
 - Continue to strengthen the integrated solutions from sizing, warping to weaving.
 - Continue to open up the market of high-tech textile besides the traditional textile industries.
