Fax:+886-2-87973577

Recommended by:

Taiwan SMEG

Business Items:

Functional food and skin care product's R&D, manufacture, and marketing

Main Products:

Integrated Bioscience Design

總經理 林詠翔
General manager Lin, Yung-Hsiang

公司產品 Products

大江生醫創立於1980年，以誠信(Trust)為原則，注重創新(Creation)，運用智慧(Intelligence)，長期積極地提供客戶及消費者高效能的產品與服務。金色的企業顏色象徵著更好的生活，透過「生物整合設計(IBD)」的過程，開發高效能產品加入並改善消費者生活。TCI目前擁有多項專利，唯有以專利來確保一切環節均正確執行，才能讓夥伴客戶受益，使用者安心。

品質、技術、產能、創意 領先同業

以80%的價格，提供120%的品質與服務，以更有效率、更精準的方式為品牌客戶設計優質的產品。TCI掌握世界各地的原料，並以規模經濟的採購模式，從最源頭產地的原料整合，到研發萃取出有效成份，再到S級工廠以標準化製程完成終端產品，S代表以安全(Safety)、標準(Standard)、速度(Speed)所打造出優越(Superior)生產效能！串連從頭到尾的流程並整合所有的資源及生產步驟，以更低的成本來設計生產高效能的產品，並以超值價格提供客戶更高的品質與更多的服務。

近年來專注於「生物整合設計」，以生物科技為中心，結合基因醫學、美學、人因工程、應用材料科學等跨領域的專業知識與技術，整合出交叉供應鏈的有效管理，並配合提供國際法規諮詢服務，為客戶設計並產出高效能產品。

TCI 藉由擴大研發投入、學術研究、資本及設備投入，產學合作，不斷開創出領先同業

的高效能研發及先進製程，以達成商品能符合消費者需求，且更有功效及成本競爭優勢的目標，全力完成「Join & Delight」之任務。

掌握市場趨勢 改善消費者生活

1.從消費者的需求出發，是TCI開發完美產品的第一步！

以消費者需求為出發點，在商品開發過程中，為客戶進行精密的可行性分析與製作具體的行銷方案，從產品之市場定位，目標族群喜好分析，到熱門趨勢推薦，使產品在生產前就能掌握市場的大方向！

2. 豐富的研發實力，新穎多樣的劑型開發

結合市場資訊，由TCI旗下的「明日實驗室」進行原料研發，「Q-ODM 實驗室」進行成本、製程及法規等作業控管。創造獨特且競爭力十足的優質商品。

3. 活化產品特質，創造產品力道

最專業的設計團隊結合研發與品管的品質管控，依各樣產品的屬性與特色，快速打造合宜且搶眼的內、外包裝材料及款式設計，提升產品價值和競爭力。

4. 標準化生產流程，品質全程監控

由研發人員進行原料、產品品質穩定性及保存期限等安全測試，進入生產程序前，即依循標準化BOM 表和SOP 生產流程啟動作業。在研發和品管人員的全程監控下，確保生產品質零缺點。

5. 高標準的品質檢驗

ISO 17025 品質實驗室檢測品質，從原料

到成品，從製程中到完成品，需通過100 種以上的檢測合格後才可出廠。首創業界推行「安心百分百」產品履歷制度，載明產品規格及各項量測目標物的檢驗值。

6. 產品功效驗證

產品功效透過與各大醫學中心合作，開發創新進步之視覺化臨床驗證技術，並由E.V.E.實驗室出具產品效果驗證報告，帶給客戶及消費者最佳的效果保證。

7. 全球化布局提供客戶全方位服務

TCI 提供全球一致的高品質、國際標準的生產流程、國際法規諮詢、進出口解決方案與在地化的客製商品，讓全球客戶都能放心跨過地理隔閡，享受TCI 的服務流程和解決方案。

品質 = 名譽 = 生命

大江生醫深信品質是品牌建立的第一條件，也關乎公司的聲譽。品質，是大江對客戶

絕對的承諾！

堅持最嚴謹的製造流程，從產品企劃到成品，重視每一位夥伴客戶及其商品的獨特性！透過緊密的產學合作，配合全球專利佈局，在原料、製程、服務模式上不斷創新、鑽研與實踐，為客戶解決可能發生的問題、滿足消費者未來的需求，創造更美好的生活體驗。

董事長常說：我們長存謙虛之心，並將竭盡所能，將大江生醫經營為更有價值的公司。總經理：永遠設定比客戶或消費者需求更高的目標。

熱誠的追求完美與無限可能，是大江與事業夥伴們共同努力的恆久基業！

大江生醫領先台灣生技界多項第一，目標是跨足全世界，讓台灣的健康食品也能在世界舞台上發光發熱，成為世界第一！因為大江相信「成功，始終來自於用心」！■

生產線作業情形 Production line

TCI established in 1980. Operating based on the principles of Trust, Creation, and Intelligence, TCI constantly provides effective products and valuable services for our clients and consumers. Gold is TCI's corporate color, which is translated into a better life style. We envision to Join & Delight consumer's life with effective products, that we'd like to share with you. TCI currently owns 5 patents and has hundreds of cases under review. Only by patents can we ensure all aspects have been correctly implemented and achieved the highest quality.

Quality Technology Capacity Creativity On the top

We provide you 120% of the value with just 80% of the usual cost.

Looking beyond the island of Taiwan, TCI vertically integrates producers of raw materials, extraction laboratories and ends up building our state of the art manufacturing facilities. Such vertical integration ensures the overall quality of our products, maximizes our ability to save cost and lead time, and hence benefit our valued clients.

TCI with IBD (Integrated Bioscience Design) as its core, using biotechnology as a major component, combined with genetics, aesthetics, ergonomics, applied materials and other areas of expertise and technology. Apart from the technical side, we also have the team of legal consultants to assist you through lengthy process of product registration. Our goal is to design and create effective product to Join & Delight consumer's life.

TCI stays hunger and strives to make significant progress in creation and improvement. Hence, we can accomplish the mission of "Join & Delight", the ideal

and ultimate goal that is correlated to the consumers.

Control the trend of market & Make consumer life better

1. Designing products from the points of view of consumers' actual needs; the first step to the right direction

TCI bases on the consumer demand as a start point to design marketing strategies. With our accumulated experiences, we help clients to identify the right product before the production.

2. Accumulated Experiences, Diversified Formulation

In conjunction with market information, "Next Lab" is responsible for innovative raw material development. "Q-ODM Lab" safeguards cost, production process and regulatory affairs. Together we create unique and highly competitive products.

3. Accentuating Product's Potential and Image

4. Our most professional design team combines R&D team and experienced Quality Control team to accelerate the creation of products' design/ packaging styles according to each products specialty and these moves enhance our products' value and competitiveness.

5. Standardized Production Process, and Total Quality Management

Our research specialists supervise the quality of our products from the sampling steps in beginning. We establish standard operating procedure (SOP) and bill of material (BOM) to minimize the occurrences of human error throughout the manufacturing process.

6. Safety Assurance

Quality assurance is conducted in our ISO 17025 Lab. From raw materials to finished products, each of our products must pass 100 testing items before receiving final approval for product release. This "Product Resume" is our standard warranty for all our products.

7. Efficacy Validation

Product efficacy is validated by Taiwan's top university research facilities. Clinical trial results and reports are demonstrated and interpreted with rich numeric and visual data by our E.V.E. Lab to make

sure each of our products does Bringthe best efficacy to our consumer.

8. Global Coverage

TCI implements the highest standards and emphasizes on our production quality and efficiency, our international law regulations knowledge, import/export solutions and localized service in multiple offices around the world.

Quality=Honor=Destine

TCI believes that quality contributes to not only brand royalty also the enterprise reputation. Thus, quality is our commitment to you!

TCI implements the highest manufacturing standards, from product proposal to finished product. TCI pays great attention to each client and the uniqueness of their product ! Through close industry-university cooperation mechanisms, in line with global patent portfolio, we perfect the raw material sourcing, manufacturing processes, and the variety of service lines. Our goal is to foresee and solve clients' future problem beforehand, to meet consumers' potential demands, and to create better life experiences for consumers.

Chairman: We shall remain humility and exert all our strength to manage TCI with higher value.

G. Manager: We always exceed customer or consumer's expectation

TCI and our passionate partners picture a boundless future.

As such, we are never content with the status quo and will insist on being the best among the best.

TCI had leading several best in Taiwan biotechnology industry. Our goal is not only in

Taiwan. TCI will become the best health food in the world. We believe that "success always comes from intentions".

會議討論情景 Meeting

率先以「IBD(Integrated Bioscience Design)生物整合設計」創新服務模式發展，先後取得ISO 9001、ISO 22000、HACCP、食品GMP及機能性食品GMP等認證，管理制度落實。並為確保產品功能可帶給消費者最大的效益，設立四個實驗室，針對各階段透徹進行研究並整合，具高度競爭能力。財務狀況良好，經營穩健，102年9月正式上櫃，堪為成功典範。

As the first to offer the innovate service model development with the IBD (integrated bioscience design), the TCI has passed, one after another, ISO 9001, ISO 22000, HACCP, Food GMP, and Organic Food GMP certifications by faithfully implementing these management systems. In addition, to maximize the benefits of products for consumers, the TCI has established four laboratories to research and integrate technologies at different stages, thus making the enterprise highly competitive. With its outstanding financial condition and steady operations, the TCI was listed for OTC trade in September 2013, setting a perfect example of success.
